H82-ALOL

'OPTILOBE - EASYFIT® SEAL'
SPECIFICATION SHEET

- **EasyFit® - Front-Loading Seal**
- **OEM Replacement**
- **Suits Alfa Laval® - OptiLobe**

H82-ALOL replaces the front-loading "EasyFit®" mechanical seals found in Alfa Laval® OptiLobe Rotary Lobe pumps (formerly SSP Series L)

Mechanical seals can be easily replaced by removing the front rotors. Compression distance is pre-set once rotor is reinstalled.

The wave-spring is located behind the rotor and a drive ring (excluded) provides anti-rotation by locking into the rotor slots.

Each pump requires two identical seals, one for each shaft.

- **Materials**

Rotating Face:	CAB
Stationary Face:	316SS
Elastomers:	EPDM

PARTS

A Rotary Wave Spring
B Rotary O-ring
C Rotary Face / Ring
D Stationary Face / Ring
E Stationary "L" Cup

EQUIVALENT

EasyFit®

PUMP COMPATIBILITY
